

REMARKS

Examiner has kindly provides reference prior arts about the present invention, and thus the applicant has more information about the invention. All details of the reference prior arts are fully considered and compared with the present invention.

Indeed the citations disclose some features of the present invention, and the applicant agrees with these viewpoints, however, as suggested by the Examiner at page 3 of the office action, we add the confinement of "each of the two sides of the middle section having only one concave surface;" to the middle section of the club body so as to make the present invention being different from the Lu and Vickery citations.

It is now believed that the subject Patent Application has been placed in condition for allowance, and such action is respectively requested.

Respectfully submitted.
